

A+ ALUMINUM BRIGHTENER

A+ Aluminum Brightener

PROFESSIONAL STRENGTH ACID DETERGENT

PRODUCT DESCRIPTION

A+ Aluminum Brightener is a formula designed to brighten aluminum and aluminum alloys. It is a balanced compound that penetrates and dissolves oxidized surface film, bringing on the natural luster of the metal. **A+ Aluminum Brightener** is excellent for continuous maintenance of aluminum and alloy highway trailers, mobile homes, stainless steel trailers, and aluminum building panels. **A+ Aluminum Brightener** maintains an attractive and clean appearance. **A+ Aluminum Brightener** will also remove black soot.

APPLICATION & DIRECTIONS

- Always work in shade on cool surface when possible
- Wet from bottom to top
- Do not allow brightener to dry on surface
- Rinse from bottom to top with plenty of water
- On final rinse, flush top of surface well and wet down the sides of the surface
- Allow surface to dry in the shade
