

# CALCIUM CHLORIDE FLAKE

## Calcium Chloride Flake

83-87% PURE CALCIUM

### PRODUCT DESCRIPTION

**Calcium Chloride Flake** is a concentrated 83-87% calcium chloride flake product containing 10% more calcium chloride than conventional or imported flake products. Higher concentration allows users to take advantage of the high performance ice melting capabilities. **Calcium Chloride Flake** is widely used by consumers, commercial de-icing companies, and government agencies.

### PROPERTIES AND BENEFITS

- Easily incorporated in blends with rock salt or abrasives where its potency can speed ice melting.
- Melting Range to -25 Degrees.
- Generates heat as it dissolves.
- In the first 20 minutes after application at 20 degrees, **Calcium Chloride Flake** melts approximately 30% more ice than magnesium chloride flake, 35% more than rock salt, 130% more than urea and 400% more ice than potassium chloride.

### PACKAGING SIZES & QUANTITIES

50 lb Bags / 55 Bags per Pallet

16 Pallets per FTL

25 lb Bags / 110 Bags per Pallet

16 Pallets per FTL

**\*Also available in bulk quantities upon request. Call for pricing and availability.**
