

Sure Release Liquid Stamp Release

SPRAYABLE BUBBLE GUM SCENTED LIQUID RELEASE

PRODUCT DESCRIPTION

Sure Release Liquid Stamp Release is a highly purified and solvent-based liquid stamp release. It is manufactured with no aromatic solvents and no chlorinated solvents that are environmentally harmful.

FEATURES AND BENEFITS

Sure Release Liquid Stamp Release has a welcoming bubble gum scent and is easy to use. With a flash point over 140 F, it is much safer to handle and to store. **Sure Release Liquid Stamp Release** is much safer to work with because it contains no hazardous aromatic solvents. **Sure Release Liquid Stamp Release** provides a slow evaporation rate so there is more open time and much less time is wasted re-spraying forms or re-working areas because stamps dry out and stick. **Sure Release Liquid Stamp Release** will not stain concrete or forms. **Sure Release Liquid Stamp Release** is also 100% volatile so nothing is left behind to stain or affect the finished surface. Forms and stamps will dry clean and be immediately ready to use again.

COVERAGE RATE

Apply with a pump sprayer at eh rate of 200 sq. ft. per gallon for concrete and 175 sq. ft. per gallon for polymer overlays.

USES & APPLICATIONS

- Tools
- Stamps
- Concrete Surface
