

Sure Seal Color Dyes

UV Stable Interior/Exterior Color Dye available in 20 Standard Colors

PRODUCT DESCRIPTION

Sure Seal Color Dye is a translucent, UV stable dye, formulated using color designed to penetrate exterior and interior cementitious surfaces. These dyes create unique, multi-colored translucent color schemes that unlike paints, will not crack, chip, or peel. They are available in 20 standard colors but can be combined to create an unlimited color palate that creates similar mottling or marbled effect when used properly.

COMPLIANCES

Sure Seal Color Dyes are VOC and OTC compliant in all areas of the United States and many foreign nations.

APPROXIMATE COVERAGE RATES

400-600 Sq. Ft. per Mixed Gallon

USES & APPLICATIONS

Sure Seal Color Dye is recommended for most cured, unsealed exterior and interior concrete substrates. Do not apply to a floor that has been sealed prior until all sealer has been completely removed.

TECHNICAL INFO

Solids..... <10% solids
 Wet Appearance..... Colored Liquid
 Drying Time..... 5-10 Min.
 VOC Content..... <100 g/l
 Concrete Penetration.....Excellent

PACKAGING

Sure Seal Color Dyes are packaged in 16 oz. (1 gallon) containers.

SEALING

Seal Sure Seal Color Dye using a low viscosity, sprayable sealer. Use appropriate sprayer and tip per individual sealer instructions. Two coats are recommended for superior protection. It is not recommended to roll on the first coat of sealer over Sure Seal Color Dyes, as it may react with the dye.
